

Bumbles – 12 ½ blocks

© Cindy Rodenmayer 2008

- If seam allowance is not included -please add 1/4" if turning edges under.
- Remember to reverse your templates if you want your blocks to face the same direction as the picture.

You can easily turn multiple blocks into a cute little quilt!

A large circle is drawn on a white page. The center of the circle is marked with a small lowercase letter 'c'. The circle is positioned in the upper half of the page, with its bottom edge roughly aligned with the horizontal center line. Two vertical lines are present on the page: one on the far left and one on the far right, both extending from the top to the bottom of the page. The circle is tangent to the left vertical line.
