

Tattered Garden

© 2001 Sindy Rodenmayer

Trace your flower template and cut out your flowers. Using the largest flower as a base, center the next smaller flower onto it and stitch down. You will be sewing on the top of the block, a 1/4 inch from the edge using a straight stitch. I know...that's backwards...but we want our seams to ravel. Flip your block over and cut away the excess layer. Now center the innermost part of the flower onto your sections and sew it down. Again...trim off the excess layers from the back.

Once you have your flower made you will top stitch it onto your base block. You do not need to trim the fabric from the back this time.

After assembling your blocks applique on the leaves. Top stitch the leaves in the same manner you did the flowers.
